**Colour:** Black (Powder Coated)  
**Graphic Dimensions:** 1200 x 900mm

# Shelf Fronting Systems

## IMPROVE STORE PRESENTATION WHILE REDUCING MAINTENANCE & RE-STOCKING.

- The Roller Shelf System ensures products are always fronted to the shelf edge whilst reducing maintenance and re-stocking.
- 5 Year Warranty, durable long life fronting solution.
- Works at minimal shelf angles, as little as 3°, which requires less vertical shelf space.

**Pricing & Configuration on Application. Please contact SPOS.**

TO REQUEST A QUOTE AND SEE  
FLEXROLLER IN ACTION, VISIT  
[www.sposgroup.com/flexroller](http://www.sposgroup.com/flexroller)

### Layover Glide

- The FlexRoller Layover glide installs on existing gondola or wire shelves.
- A minimum of a 3 degree angle is required for optimal performance of fronting product on the FlexRoller tray. Depending on product packaging details, a stepper angle (of ~6 degrees) may be beneficial.

### Gondola Shelf

- The FlexRoller Gondola shelf is customised to integrate into existing retailer gondola uprights
- The build-in bracket will create the perfect angle for optimum performance

### Riser Shelf

- The FlexRoller with Riser glide installs on existing flat gondola shelves.
- The riser accessory adds the optimal and stable angle that is required

# Shelf Fronting Systems

**ProGlide**  
Designed to Deliver

**Introducing ProGlide, a gentle fronting merchandiser.**  
**Controlled fronting motion that drives sales.**

- Controlled feed for multiple categories
- Fast and simple replenishment that saves labour
- Drives impulse purchases by keeping products front of facing.
- Modular planogram for complete flexibility on width
- Depth versatility from 270 to 770mm
- Easy installation with no tools required
- Eliminates the need for angled shelving, meaning no loss in vertical space.
- A gentle, quiet fronting merchandiser that eliminates the 'clanging' of bottles in drinks categories

**Pricing & Configuration on Application. Please contact SPOS Group.**

SEE IT IN ACTION!  
[www.sposgroup.com/proglide](http://www.sposgroup.com/proglide)

# Shelf Fronting Systems

**InterGlide, a modular interlocked fronting system...**  
**Gentle fronting motion with zero loss of facings.**

- Allowing efficient dividing of the category with ProGlide's 1.5mm dividers resulting in maximum facings per shelf.
- The front engagement system makes planogram adjustments and resets fast and easy.
- Modular lane assembly - complete flexibility on width
- Depth versatility - 350mm to 600mm
- Centralized bottom mounted pusher, lanes are consistent and parallel
- Easy installation with no tools required

**Pricing & Configuration on Application. Please contact SPOS.**

SEE IT IN ACTION!  
[www.sposgroup.com/proglide](http://www.sposgroup.com/proglide)

**InterGlide is so gentle & controlled, it can even front stacked cans. Enabling a high density shelf to be fronted seamlessly!**

# Ticket IT

## In-Store Ticketing

### How it Works?

The complexity of your point of sale ticketing processes are simplified with Ticket-IT. We have automated, streamlined and simplified the entire POS ticketing process so all you need to do is focus on the profit.

SPOSgroup

SPOS Group has partnered with Ticket-IT to further compliment the comprehensive retail solution that the group offers. To learn more about the only ticketing solution ticking all the boxes, visit [www.sposgroup.com/ticket-it](http://www.sposgroup.com/ticket-it)

### Proposed Ticket Shell Suite Concept

Promo

Core Tickets

Clearance Tickets

Sale Tickets

### CONTROL

Ticket-IT provides the ability to control and manage in store ticketing effectively. Ticket-IT provides greater visibility, reduces the cost of lost opportunity and has a positive effect on store presentation.

### CONSISTENCY

Ticket-IT removes the manual creation of tickets and the errors that occur with repeated human intervention. Ticket-IT delivers consistent and repeatable outcomes resulting in cost savings and a more efficient use of staff.

### CONFIDENCE

Ticket-IT gives confidence. This can reduce approval times, or eliminate proofing all together. Head office have the confidence that both stores and partners have the right information at the right time with the right branding.

### SIMPLICITY

The process of printing, sending and then sorting through unwanted tickets is painful and complex. Ticket-IT automates the manual ticket production workflow delivering tickets within seconds, not days.

## The Bottom Line...

Less wastage

Staff efficiencies

Reporting system

Reactive pricing

Consistent, clear branding message

Better conversion
