

# AUTO-FRONTING & DISPLAY SOLUTIONS

Retail Solution Specialists

*“We design, make, procure, manage, supply & install the  
products that sell your products”*

# ProPusher™

Spring loaded, shelf management systems designed to front products to the last unit. Adjustable product lanes and various attachment options allow easy execution in many retail environments.

**HANGING PROPUSHER™**

- Components install onto back bar - no shelf required
- Enables easy restocking and FIFO stock rotation

**VERSA PROPUSHER™**

- Installs on existing shelving
- Lane width can be adapted to the products

**CONTROLLED PROPUSHER™**

- Slow moving pusher for delicate items
- Simple and easy setup

**EASY PROPUSHER™**

- Fronts a wide assortment of product shapes, sizes, and weights
- All components mount to one front rail

# CanRoller™

Space-saving, flexible, and efficient merchandising system for single-serve cans. The innovative multilevel design streamlines operations, maximizes revenue, and enhances the product presentation.

- Sits on top of existing substrate shelf
- Rear feet create an optimal fronting angle
- Adjustable lane width
- Clear front allows for full labeling presentation
- Available in two depths

# FlexRoller™

Patented roller shelf installed in stores worldwide. It automatically front-faces products in all environments, delivers validated sales uplift, operational efficiency and optimised shelf space.

## FLEXROLLER™

- Sits on top of existing substrate shelf
- 4-6 degree shelf angle required to front product

## FLEXROLLER™ WITH RISER

- Sits on top of existing substrate shelf
- Includes support leg to create needed angle to front product

## FLEXROLLER™ WITH GONDOLA

- Integrated in shelf to replace existing flat shelves
- Automatically creates angle to front product

## FLEXROLLER™ WITH PULL-OUT GONDOLA

- Roller shelf extends fully out of the shelf like a drawer
- Ideal for stocking product from the back in tight vertical spaces

## FLEXROLLER™ WITH PARTIAL PULL-OUT GONDOLA

- Roller shelf extends partially outside of the shelf
- Ideal for stocking product from the back in tight vertical spaces

## FLEXROLLER™ MULTI STACK

- Multiple layers of FlexRoller™ to stock more product vertically
- Versatile solution for a variety of spaces, including stand-alone display

## EvoRack™

Improving the customer experience whilst improvising operational efficiency is what sets EvoRack™ apart from others. In addition, the efficient upright design and compressed notch increments optimises space.
